From the Southern Cultivator. Black Tongue in Cattle, and a Remedy.

EDITORS SOUTHERN CULTIVATOR-Seeing that you is, that it is not properly the Black Tongue, though it may with some propriety be so called. I think it a species of hydrophobia; the close observation of the disthe suffering animal, will justify this opinion.

Cattle that are kept in good pastures, and well and plentifully watered, have never been known to be attacked with this disease; but out in the large prairies, where the grass has for some time been withered and dried to a crisp, where the ground is so hard that the heel of your iron shod boot can scarcely make an impression visible to close observation, where all the ponds and reservoirs of these great natural pastures are dried up, till the mud at the bottom is as hard as an Adobe Brick, where all the gulleys are dried, except a few deep holes, and the water is thickened to blackness with the dirty mud from the bottom-there it is that this dreadfal disease reigns in all its terror.

Sumptoms.-The cow will be seen apart from the herd; she does not pretend to eat; observe her in the evening, and she is at or near the same piace the next morning, she is there yet, never pretending to eat; now offer her water and she is disgusted, she cannot bear the gight or smell of it, throw it on her and it almost maddens her; examine her mouth and throat, the jaws will be found hard to open, in fact they are particularly set; the mouth is highly feverish, the tongue somewhat swol-

Root, of this take near a pint, of common Whiskey half Matches, Salt, Vinegar, Oil. &c. nint, have the animal thrown and hold the head in such position that you can force the mixture into the throat, now drench—have prepared a composition, equal parts, An experienced nurse and female physician, has a Soothing ler rub as far as the roots of the tongue, all the inner ide of the mouth—now repeat the drenching, previously adding two table spoonsful of laudanum; cut enough off the tail to make her bleed freely, and let her up. Within the space of an hour catch her, and by force cause her in all cases. See advertisement in another column. o drink a bucket of good clear water, and all is safe. Washington, La., 1859 S. W. W. The Japanese Gone North.

The Japanese left Washington on Friday morning without any display on their trip to Baltimore. A miltary guard, sufficient to prevent any annoyance from e curiosity of the crowd, was all the parade made. At eir leaving the hotel, the Washington States says: bey moved through, the hand of each was seized in turn those on either side, mostly children, who with their erry voices sung out a pleasant "good-bye," which ras responded to in a courteous manner by their departg friends. When "Little Tommy" passed through, the scene was truly impressive. He of all the rest it we med had, by his kindness of disposition and urbanity manner, most endeared himself to all with whom he ad had any intercourse, and especially the children, so ay detained some time, and not wishing to offend any e thought of an expedient which happily succeeded .- | monthly period with regularity. hat "he would soon be back again." REVIEW OF THE WILMINGTON MARKET, FOR THE WEEK ENDING JUNE 13TH, 1860.

TURPENTINE-We have nothing new to report in the market for this article during the week just ended. There has been a steady demand for both shipping and distilling pur-poses, and parcels have generally been taken on arrival at quotations below; some lots of virgin, however, have brought our highest quotation of last week, (\$3,) but the bulk of the sales have been at \$2 80.. The receipts since our last have been rather better, and the sales foot up 4,697 bbls., as fol-

The week's sales foot up 1,777 bbls., as follows: 60 .. .. 391 .. Friday ..... Do..... 60 \*\* \*\* 40

Tuesday.... 50 " " 40 Rosin.—We have no change of importance to report in Wednesday last. There either grade since our review of Wednesday last. There was a better feeling in the market during the early part of the week, but for the past two or three days it has ruled inactive, and only small parcels have changed hands. The transactions in Pale foot up about 1200 bbls. at from \$2 50 to \$4 per bbl. of 310 lbs .- the latter price being paid only for an extra bright article. In No. 1 we quote sales of 800 bbis. low grade at \$1 25 to \$1 50 per bbl.; market dull .sales of only 400 bbls. at \$1 15 per 310 lbs., and 47 do. at \$1 15 a \$1 25 per bbl. In the Common article we have nothing new to report, and at the time of closing our review the market rules quite dull; there are but few buyers at \$1 12 per 310 lbs., but the bulk of the stock being in the hands of distillers it is generally held higher. We quote sales as follows:

Do. ... 200 " " 1 10 for small bbls. Saturday, ... 3,000 " " 1 12½ per 310 lbs. Monday,..... 300 " " 1 124 TAR-Continues to be in fair enquiry for shipment, and

parcels find ready sale on arrival at former quotation. The receipts for the week have been quite small, and foot up only 383 bbls , all of which has sold at \$1 80 per bbl. BEEF CATTLE AND SHEEP-The receipts continue meagre, and the market is poorly supplied with both. For beeves a fair enquiry exists from butchers, and prime quality meets with ready sale on arrival. A small drove was received in the early part of the week, and taken for butchering purposes at 54 a 6 cents per lb., as in quality. Sheep are also in demand. and a good art cle sells readily at fair figures.—

25 BAGS prime Rio Coffee, (direct importation.) For indemand, and a good art cle sells readily at fair figures.—

L. B. HUGGINS & SONS. We quote at prices ranging from \$1 50 to \$2 25 each. BARRELS-We have no change of consequence to report in the market for empty Spirits Turpentine barrels. But few have been received for some weeks past, and the stock in first hands is rather small—the bulk of which are of inferior quality, and difficult of sale even at very low prices. On Thursday last a lot of 750 second-hand ones (as they

days. We also notice sales in the small way during the week at \$1 80 a \$1 85 for selected, and \$2 05 a \$2 10 for new ones as in quality.

Cotton—Little or none has been offered on market since our last, and therefore we have no sales to report. Some enquiry exists for the finer grades, but in the absence of sales we are unable to give a correct quotation of the mar-

run) sold at prices ranging from \$1 121 to \$1 374 each, 90

COFFEE. - The market is moderately supplied with nearly all descriptions, and has ruled quiet since our last, the sales having been confined to small parcels from store at prices ranging within quotations. See table.

FISH.—The market appears to be very well supplied with Herring, and marely a retail demand exists. A lot of 100 bbls. N. S. Roe sold on Friday last at \$2 50 per bbl. FEATHERS-Are in moderate demand, and there is scarce

any on market. We continue to quote at 45 a 50 cents FLOUR-At the time of closing our review on Wednesday ast there was considerable dullness manifest in the market for State brands, and the price has since declined 25 cents. On Wednesday a lot of 100 bbls. changed hands at \$6 75 for superfine, 30 days;—since then several small parcels have sold from store and wharf at \$6 75 a \$6 80 for superfine and \$7 per bol. for family, the bulk of the transactions being at lowest figures, at which the market closes quiet, with rather a downward tendency. We have to report meagre 57-Steamer John Pawson, Johnson, from Fayetteville, to arrivals for the week, still there is a moderate supply in first | Owen & Yarbrough. hands, and buyers do not seem disposed to purchase to any extent unless at lower rates; some holders, however, are sking higher rates than quoted above.

GRAIN .- For CORN the market has continued to rule deeidedly dull since our last review, and sales are difficult to effect unless at materially lower rates. The market is at | with mdze. present heavily supplied and dealers show no disposition to operate. The receipts for the week comprise only 6,700 bushels, of which 2,500 do. (from Baltimore,) has gone into store, and 900 do (from Hyde county,) sold at 65 cents per cents. We quote the market as closing dull at 65 to B. G. Worth; with mdze. 70 cents per bushel, according to quality.——OATS.—The market is fairly supplied with this article, and there is merely a revail business doing. One or two lots have been rebranch W. & W. R. R. eived during the week by dealers, and gone into store .--Peas.-The market is only moderately supplied, and York, to J. & D. McRae & &o.; with mdze. to T. C. & B. G. ules active for all kinds. For Cow there is a brisk demand, and the price has materially advanced, a lot of 85 bushels having sold on Saturday at \$1 05 per bushel. RICE .- Mitchell; with 3,300 bushels corn. for clean the market rules without change. There is a moderate supply in store, and we quote only small sales to the trade at 4 a 44 cents per lb., as in quality. GUANO-We have no change to report in this article. The market is moderately with nearly all descriptions, and rules firm at former prices. The receipts for the week consist of McRae & Co. only 874 bags Peruvian, which have gone into store. We

quote as follows: Peruvian \$60: Reese's Manipulated \$52: American \$40; Sombrero \$35; Superphosphate of Lime \$50; and Land Plaster \$10 per ton of 2,000 lbs. HAY .- The market is rather better supplied than noted in ott; with 900 bushels corn. our last, still there is a fair demand, and prices rule high.— The receipts for the week comprise about 750 bales Northern, which came to a dealer, and has been selling from wharf at \$1 30 to \$1 40, in lots to suit. A lot of 89 bales Eastern age; with naval stores. was also received on Tuesday and sold at \$1 40 per 100 lbs.,

LIME.—No late receipts, and the stock of former arrivals remaining in dealers hands is quite small; it is, however, C. & B. G. Worth. fully adequate for the demand, as there is merely a retail 12-Schr. John A. Burgess, Fritzinger, from Plymouth, business doing. We quote from store at \$1 a \$1 10 per cask N. C., to Stokley & Oldham; with 1,320 bushels corn, 300 for common jump.

Molasses.—The market continues to be well supplied with

Schr. R. W. Brown, Burton, from New York, to A. D. Ca-Cuba, and has ruled quiet for the week at a decline of one zauz; with moze.

hhds, at 24 to 26 cents per gallon, according to quantity. market is pretty well supplied. We quote from carts at \$1 | B. G. Worth; with mdze. to \$1 25 per bushel. PROVISIONS-For N. C. cured Bacon the market rules Co. about the same as reported for the past two or three weeks. None of consequence has been brought in, and therefore no Bro. & Co. fair supply in dealers hands, and only a retail demand exists. E. Hall. We quote small sales at 114 a 12 cents for hog round, and 13 cents per lb. for hams-though one lot of inferior quality sold at lower figures. For Western cured the market exhibits a better feeling, and prices are firmer. We quote a moderate demand, with sales from store at 91 to 94 cents for shoulders, and 114 to 114 cents per lb. for sides, as in quan-

of Northern in store, and merely a retail business doing .-See table for quotations. SALT-No arrivals of either description during the past week, and therefore we have nothing to report in the way of sales except at retail. There is only a light stock on market, and some enquiry exists for Liverpool ground. See ta-

ble for quotations. SHINGLES-There is a fair enquiry at present for shipping purposes, and only small parcels arriving. A lot of 70,000 Common sold on Friday last at \$2 50 per M. We also quote small sales of Contract at \$4 to \$5 per M., as in quality. TIMBER-The recent freshet has enabled several rafts to ome in from above tide-way, and the arrivals for the past veck have been rather better. The bulk of the receipts has been of interior and ordinary quality, which is difficult of sale, unless at low prices, white prime shipping is in moderate request, and meets with quick sale at fair prices. We quote sales of only 8 a 10 rafts at \$5 to \$9 50 per at. See table for classified figures. FREIGHTS-For coastwise the market rules quiet but tirm at former rates. But few vessels now in port, and the lar-

CHARLESTON, June 11th .- Cotton-The market for the two days subsequent to our last weekly report continued in the same quiet state, the sales being limited to 630 bales, at previous prices. To-day, however, holders showed a wil-linguess to meet buyers on more favorable terms, consequently the transactions of the day reached 2,124 bales, rincipally of the a edium grades, at a decline of 1 to 1c on previous quotations, while the better grades, on account of their scarcity, remain firm and unchanged. The particulars | 1 box mdze. are as follows: 55 bates at 6; 22 at 6½; 25 at 7½; 47 at 8 11 at 9: 29 at 9½; 26 at 10; 319 at 10½; 534 at 16½; 481 at: 10½; 374 at 10½; 142 at 11; 101 at 11½; 487 at 11½, and 101 bales at 12 cents. We quote middlings 10 a 10; strict A. E. Hall. middlings 10% cents .- Courier

NEW YORK, June 11 .- Cotton .- Market has a declining tendency, sales at 11c. Flour is firm; sales of 15,000 bbis., State at \$5 15 a \$5 20; Ohio at \$5 75 a \$5 85, and Southern unchanged. THE ONLY PREPARATION

Universal Confidence and Patronage. FOR STATESMEN, JUDGES, CLERGYMEN, Ladies and Gentlemen, in all parts of the world testify to the efficacy of Prof. O. J. Wood's Hair Restorative, and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given; see circular for more, and it will be impossible for you to doubt.

47 Wall Street, New York, Dec. 20th, 1858.

GENTLEMEN: Your note of the 15th inst., has been received, saying that you had heard that I had been benefited by the use of Wood's Hair Restorative, and requesting my cer-tificate of the fact if I had no objection to give it.

I award it to you cheerfully, because I think it due. My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreabilities increased with time, and about four months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald. In this unpleasant predicament, I was induced to try

my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dyes. I was, however, greatly surprised to find after the use of two bottles only, that not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and dandruff ceased to form on my head, very For this, among the many obligations I owe to her sex, I strongly recommend all husbands who value the admiration

WOOD: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1851, I was induced to make a trial of your preparation, and found it to answer as the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure. FINLEY JOHNSON. the afflicted such a treasure. FINLEY JOHNSON.

The Restorative is put up in bottles of three sizes, viz large, medium, and small; the small holds a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent. more in proportion, and retails for \$3 a bottle.
